She Said It All.
"What did father say when you asked for my hand?" asked the sweet young thing.
"Nothing at all," replied the man.
"Why, George, he must have said something."
"Not a word."
"You must be mistaken, George."
"No, I'm not. Your mother was there!"—Yonkers Statesman.

He Couldn't Get Even.
"Here, here, little boy," said the benevolent person, "what makes you cry that way?"
"A feller poisoned my dog," was the reply.
"There, there," said the benevolent person, "don't take it so badly."
"But," responded the boy, "the feller that poisoned my dog has only got a cat."—Indianapolis Star.

Historic Limoges.
Once a flourishing Roman city and supposed to be one of seven cities where Christianity was planted about the middle of the third century, Limoges is the capital of the department of Haute-Vienne and is 250 miles south of Paris. Its porcelain manufactures are justly celebrated. In 1768 kaolin was found near by, and naturally Limoges immediately began making the hard paste porcelain. This is more durable, though ware of soft paste absorbs less color in the decorating and has a pleasing softness of effect.

SEEING STRAIGHT.
I will look straight out.
See things—not try to evade them.
Fact shall be fact for me,
And the truth the truth forever.
—Clough.

FLORIDA
Salt water to the East of us
Salt water to the South of us
Salt water to the West of us

FOR this reason no other state equals Florida's climate. A fine climate means **Health**; it also means **Comfort**; two of the most essential things in life. The cooling trade winds sweep across Florida day and night, making it warmer in winter and cooler in summer than other State. Plenty of rainfall, plenty of sunshine and plenty of cheap lands now, but they are going fast and prices will be higher before long. If you are going to make a change we call your attention to the country along the new **Okeechobee Division of the Florida East Coast Railway** where the towns of **Chuluota, Kenansville and Okeechobee** have been established, with ten thousand acres of carefully selected lands surrounding each town. These lands are well drained, adapted to fruit growing, cattle, hogs, sheep and poultry and general farming.

Come along on one of the excursions on the first or third Tuesday of each month and investigate for yourself. Literature, maps, etc. FREE. If interested in live stock, get our new book on "Live Stock Farming in Florida," and "Forage Crops." Call on or address:

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

A South African Animal.

There is a curious looking animal in South Africa that looks for all the world like a piece of toast with four legs, a head and a tail. It resembles a pussy cat about the forehead and ears, but its nose is distinctly that of a rat, while its tail is not very different from that of a fox. This strange animal is called the aard wolf and undoubtedly dwells in South Africa because, judged by his looks, he would not be admitted into good animal society anywhere else.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Court Trains.

At the coronation of Queen Adelaide that lady's train tore itself away from the bodice, taking part of the latter with it. When Elizabeth of Austria entered Paris to marry Charles IX. her train was seventy feet long and greatly admired by the people. Elizabeth of Valois wore a train six yards long, which was carried after her by gentlemen as she danced. Mary, queen of Scots, is said to have worn a twelve yard train at balls, also carried by a gentleman.—Pall Mall Magazine.

"A SHINE IN EVERY DROP"

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dirt or dirt. You get your money's worth.

Black Silk Stove Polish

Is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off; it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois. Use Black Silk Air Drying Iron Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it. Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.
